“Statutory report on foundation governance, cf. section 77a of the Danish
Financial Statements Act”

*Poul Due Jensen Foundation
(Grundfos Foundation)*

What should this form be used for?

This form is meant as a tool for commercial foundations that wish to submit the statutory report on foundation governance as a form, cf. section 77a of the Financial Statements Act¹.

The report on foundation governance must be published in the management commentary, in the notes to the annual report, or on the foundation's website, if any, with a reference to its location in the management commentary or in the notes.

Publication of the report on foundation governance on the foundation's website, if any, with a precise reference in the management commentary establishes the highest level of transparency, as it is easier to access for the general public.

Publication on the foundation's website, if any, requires that the URL address on which the report on foundation governance is published is stated in the management commentary or in the notes. The URL address must be the internet address which is used to access the report **directly**.

For more information about publication of the report on foundation governance on the foundation's website, the Committee refers to the Executive Order on the publication of a number of reports pursuant to the Financial Statements Act².

Note: The form below contains the Recommendations of the Committee on Foundation Governance of June 2020. These Recommendations are available on the Committee's website: www.godfondsledelse.dk. **The form can be used to prepare a report on foundation governance in the annual report.**

“Comply or explain”

Section 77a of the Financial Statements Act states that foundations which are covered by the Commercial Foundations Act³ must include a report by the board of directors on foundation governance, cf. section 60 of the Commercial Foundations Act, in the management commentary or in the notes.

According to section 60 of the Commercial Foundations Act, the board of directors must specify in the report how the commercial foundation has addressed the Recommendations. The board of directors can choose to comply with the Recommendations or explain what they have chosen to do instead.

*Failure to comply with a Recommendation is **not** considered as a breach of the rules but merely implies that the board of directors has chosen a different approach due to reasons that it has explained.*

Reporting must reflect the current type of management at the date of the annual report. In the event of significant changes during the year or after the balance sheet date, this should be described in the report on foundation governance.

It is important that the board of directors addresses each individual recommendation.
